About Amazon.com Sign In

Amazon Web Services uses information from your Amazon.com account to identify you and allow access to Amazon Web Services. Your use of this site is governed by our Terms of Use and Privacy Policy linked below. Your use of Amazon Web Services products and services is governed by the AWS Customer Agreement linked below unless you have entered into a separate agreement with Amazon Web Services or an AWS Value Added Reseller to purchase these products and services. The AWS Customer Agreement was updated on March 31, 2017. For more information about these updates, see [Recent Changes](#).

# AWS Management Console

Now you are at AWS Management Console

# AWS Management Console

Login to your ROOT USER, AWS Management Console and search Billing in find Services.

The screenshot displays the AWS Management Console interface. The browser's address bar shows the URL `https://console.aws.amazon.com/console/home?region=us-east-1`. The top navigation bar includes the AWS logo, 'Services' and 'Resource Groups' dropdowns, and user information for 'Soroosh Sohangir' in the 'N. Virginia' region. The main heading is 'AWS Management Console'. A search bar titled 'Find Services' is highlighted with an orange dashed border; it contains the text 'billing' and shows a dropdown result for 'Billing' with the description 'Access, analyze, and control your AWS costs and usage.' Below the search bar, a grid of service tiles is visible, including 'Billing', 'IAM', 'EC2', and 'S3'. The 'All services' section is expanded, showing categories like 'Compute' (EC2, Lightsail, ECR, ECS, EKS, Lambda, Batch, Elastic Beanstalk, Serverless Application Repository), 'Storage' (S3, EFS, FSx, S3 Glacier, Storage Gateway, AWS Backup), 'Management & Governance' (AWS Organizations, CloudWatch, AWS Auto Scaling, CloudFormation, CloudTrail, Config, OpsWorks, Service Catalog, Systems Manager, Trusted Advisor, Managed Services, Control Tower, AWS License Manager, AWS Well-Architected Tool, Personal Health Dashboard), 'Security, Identity, & Compliance' (IAM, Resource Access Manager, Cognito, Secrets Manager, GuardDuty, Inspector, Amazon Macie, AWS Single Sign-On, Certificate Manager, Key Management Service, CloudHSM, Directory Service, WAF & Shield, Artifact, Security Hub), 'Media Services', and 'AWS Cost Management'. On the right sidebar, there are sections for 'Access resources on the go' (with a mobile app link), 'Explore AWS' (featuring 'Run Serverless Containers with AWS Fargate', 'AWS Marketplace', 'Amazon SageMaker', and 'Visit AWS around the world at a Summit'), and 'Have feedback?'.
